DETAILED ACTION

Drawings

1. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the following reference sign(s) mentioned in the description: figures 13&14 shows lead lines without numbers. A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

2. The drawings are objected to because:

- a. The leads lines and numbers are not clear in figures 1-14 in
- b. The lead lines are not clearly pointing to just one object as well.

A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Claim Rejections - 35 USC § 112

3. Claims 1-36 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Art Unit: 3723

a. The following phrases are vague, indefinite, and/or awkwardly and confusingly worded:

i. "and/or" in claims 1-2, 14, 16, 18, 34, and 35. This limitation is claiming the element inclusively and alternatively. The limitations can be claimed inclusively but alternative language such as "or" renders the claims indefinite.

ii. "or" in claim 1, lines 1&2. The limitations can be claimed inclusively but alternative language such as "or" renders the claims indefinite.

iii. Regarding claim 1, line 2. The phrase "**such as** or operations of **such type**" renders the claim indefinite because it is unclear whether the limitations following the phrase are part of the claimed invention. See MPEP § 2173.05(d).

iv. "adapted to" in claim 1, lines 5 & 11. The limitations need to be positively claimed. It has been held that the recitation that an element is "adapted to" perform a function is not a positive limitation but only requires the ability to so perform. It does not constitute a limitation in any patentable sense. *In re Hutchison*, 69 USPQ 138.

v. Regarding claim 31, line 3, the phrase "or the like" renders the claim(s) indefinite because the claim(s) include(s) elements not actually disclosed (those encompassed by "or the like"), thereby rendering the scope of the claim(s) unascertainable. See MPEP § 2173.05(d).
